

<https://youtu.be/QHeZUteWml?si>

1. ☒ Yes/No: Is fronting and facing important for making the store look great?

2. Multiple Choice: What is one benefit of fronting and facing?

- A) It makes things harder to find
- ☒ B) It makes things easy to see
- C) It wastes time

3. Fill in the Blank: Fronting is when you bring the item to the store of the shelf.

4. ☒ True/False: Facing means turning the labels backwards.

5. Matching: Match the terms with their definitions:

- A) Fronting
- ☒ B) Facing
- 1) Bringing items to the front of the shelf
- 2) Turning labels forward

6. ☒ Yes/No: Should you use two hands when fronting and facing?

7. Multiple Choice: Using two hands while fronting and facing is:

- ☒ A) Faster
- B) Slower
- C) The same speed

8. Fill in the Blank: Left align means the left edge of the tag matches the left edge of the store.

9. ☒ True/False: You should take items from the front to fill holes on the shelf.

10. Matching: Match the actions with the results:

- ☒ A) Fronting
- B) Facing
- 1) Items are at the front of the shelf
- 2) Labels are forward

Notes:

I held morning briefing with Ethan about Anger Management. I also discussed product facing with Ethan. I then modelled product facing tasks. Ethan demonstrated good organizational skills with the products.
